Scope Of Work For Fabrication of Outer Jacket & Reversible Inner Jacket (with a packing pouch) of Coat Combat Digital Camouflage Print Nylon 6'6

Coat Combat (Digital) Camouflage Print Nylon 6'6 consists of Three Independent Components:-

- i) Outer Jacket.
- ii) Reversible Inner Jacket which may be attached/detached to Outer Jacket (with a packing pouch).
- iii) Base Layer-Thermal.

1.0 Under the subject scope of work, the firm has to manufacture two independent components (i) Outer Jacket and component (ii) Reversible Inner Jacket which may be attached/detached to Outer Jacket (with a packing pouch) strictly as per the Prov. Specification No. "PROV/IND/TC/4987 With Amendment No.-1".

The cut components of all fabrics in the form of cake and other items like mesh, elastic tape, zippers and garniture items shall be provided by OCFS as per authorized scale.

Base Layer Thermal: Cutting and manufacturing of Base layer -Thermal of Coat Combat Digital Camouflage Print Nylon 6'6 with fabric and Garniture materials to be done by OCF Shahjahanpur

- 1.1 Fabrication has to be carried out by the firm inside the OCFS or COMSASU COMPLEX of OCFS & fabricator shall install machinery at the allotted shed/premises.
- 1.2 Material security deposit equivalent to 110% value of material issued by OCFS essentially to be deposited by the firm in the form of FDR/TDR/BG drawn in favor of Troop Comforts Limited.
- 1.3 OCFS shall not provide any transport. Firm shall be responsible for collection of the all cut components from OCFS (Cutting Shop) and delivery of accepted end product to Packing & Dispatch Section) of OCFS by their own vehicle.
- 1.4 Fabricator shall satisfy himself before taking out the materials from the OCFS(cutting shop) and no discrepancy will be accepted once the materials handed over by OCFS to the fabricator.
- 1.5 The fabricator shall be responsible for all materials issued to him and shall be accountable for the same.
- 1.6 Cut components lifted from the OCFS must be returned as finished garments within 21 days from the date of issue of cut components, failing which LD charges@ 0.5 % per week is applicable. LD charges with respect to delay in delivery of finished garments and returning of finished garments within stipulated period shall not exceed 10% of the value of supplies.
- 1.7 Electricity arrangement - The fabricator shall arrange his own energy meter of suitable capacity and tested and approved by a competent authority for taking the electric supply. OCFS will check the energy meter for its correctness and meter testing shall be done by OCFS. Based on the meter reading and at the prevalent industrial rates, the electricity charges will be deducted from the firms's bill.
- 1.8 Electric power shall be provided by the factory at single point form where fabricator has to draw their own lines. Laying all electrical lines and the connections to the machines should confirm to safety standard and should be as per the provisions of Indian Electricity Act/Rules.
- 1.9 Fabricator shall be responsible for bringing his own machinery required for the fabrication. The fabricator shall be wholly responsible for safety/security of his personnel and will be fully liable in case of any kind injury to them.
- 1.10 The fabricator shall carry out pre inspection of fabricated stores and give pre-inspection report with dimension details that their fabricated store has been pre inspected confirming to the specification.
- 1.11 Such pre-inspected fabricated store shall be offered to OCFS for inspection.
- 1.12 Fabricated store on receipt will be pre inspected by QC/OCFS as per governing specification and thereafter it will be offered for final inspection along with component base layer layer thermal (this component will be provided by OCFS) to QA agency [SQAE (GS)].
- 1.13 If there is RFR observed the same is to be rectified immediately by the firm at OCFS premises.

- 1.14 If the store not found acceptable either partially or fully, the firm has to lift the material. The equivalent cost of the material (including garnitures) shall be recovered from the contractor for the damaged/unsupplied quantity of fabricated store which are finally rejected due to quality issues.
- 1.15 All the above activities are included in the delivery period.
- 1.16 The firm has to remove stickers from the garment components before offering for inspection at OCFS.
- 1.17 The firm shall offer the end store serially numbered and arranged in such manner that entire lot is easily accessible to inspection authority
- 1.18 The firm shall provide all man power and facilities for handling of stores for inspection by QC/OCFS and SQAE (GS) at the premises provided. The accepted store (by final inspection authority) will be folded suitably to facilitate packing and the same will be handed over to Packing & Dispatch Section as per accepted quantity along with Inspection Note quantity along with I/ Note.
- 1.19 WARRANTY:- All the Stores supplied shall be warranted against any defect in material, workmanship, defective design, materials and non-conformance to intended performance, manufacturing defects, or dimension etc., for a period of Twelve months from the date of receipt and acceptance of supply in Buyer's place / buyer's designated place, and the seller shall remedy such defects at his/her own cost or replace free of charge such stores when called upon to do so.
- 1.20 Payment: Payments shall be made for the quantity accepted by final inspection authority viz- SQAE (GS) Shahjahanpur/DGQA on submission of contractor's bill/Invoice by firm.
- 1.21 The firm has to vacate the shed provided by OCFS on completion of order/contract or they fail to maintain supply as per stipulated delivery schedule and other actions as per terms and conditions of contract. Also if firm fail to vacate the shed by stipulated date then as suitable deemed fit demurrage charges may be imposed against the firm
