M	LIST OF DEFECTS	9,20.1 & 20.3	128-131

FOREWORD

1. As AHSP this standard has been prepared by the Command Engineering Officer (Quality Assurance Services) [i.e. C Eng O (QAS)].
2. This standard is for use by the IAF only.
3. During centralised procurement of the product i.e **T-Shirt with collar**, this standard would be used for Evaluation of Technical Bids, Evaluation of Prototypes before grant of Bulk Production Clearance (BPC), Stage Inspections, Bulk Productions Inspections and Independent Lab testing at various stages of evaluation; as a part of Quality Assurance System of Headquarters Maintenance Command, Indian Air Force as well as during final acceptance by the Consignee. Hence, it is important that during pre-contract stages, all participating firms should go through each aspect of this Specification thoroughly and then only submit their Technical Bids (*'Lab testing reports'* of finished product & all raw materials used in manufacturing of prototypes + *'Prototypes'* + *'Raw materials'*) in absolute conformance with this Specification. Any ambiguity in understanding any aspect / clause of this Specification should be communicated during or prior to conduct of the pre-bid meeting. Likewise, post award of contract, the successful firm should submit its 'BPC samples + raw materials' as well as 'manufacture the entire Quantity of the Bulk Production Lot' by ensuring absolute compliance with this Specification.
4. Quality Assurance Authority for the product covered in this standard is C Eng O (QAS) and CQAO, HQ MC, Nagpur for IAF.
5. This standard holds good only for the Tender / Supply order, against which it is issued / referred.
6. The Quality Assurance Authority reserves the right to make modifications (which includes changes in the product itself / updation of the Test Standards as per latest amendments issued by BIS / ISO/ SATRA / ASTM / AATCC etc./ upgradations of the manufacturing processes) in this standard; as and when necessary; based upon the functional / organisational requirements as well as a part of continual product improvement (This will, however, be carried out prior to floating of the GeM Tender).
7. Post award of contract (Supply Order), The Quality Assurance Authority (CQAO, HQ MC, Nagpur) is the competent authority to grant concessions, if any, in respect of any clause contained in this standard. This will however, be after imposing a financial penalty, for

deviations from these specifications, which will be decided with the concurrence of CFA as per terms and conditions of the contract.

8. All enquiries regarding this standard shall be addressed to the Quality Assurance Authority at the following address: -

C Eng O (QAS)
HQ MC, IAF
Vayu Sena Nagar
Nagpur – 440007 [FAX No. (0712) 2511306]
